

RAC 2025 Scientific Program Day One : 5th December 2025

Time	Title	Speakers / Panelists	Chairpersons / Moderator
09:00 – 09:10 am	Context & Introduction	Anil Arora	
09:10 – 10:15 am	Hip Session 1: Basic Principles of Revision Total Hip Arthroplasty	Speakers	Chairpersons / Moderator
15 Mins Keynote lecture	Clinical / Radiological/ Laboratory - Evaluation of a Painful Hip – Including subtle / Not so Common, Uncommon Things/ Findings not be Missed	Vijay C Bose	Chairpersons: S K S Marya Mahesh Kulkarni Moderator: Rajkumar Natesan
10 Mins	How do I plan Revision THR	Neil P Sheth	
6 Mins	Video Demonstration: Extended Trochanteric Osteotomy (ETO) – Indications & Technique	Dhanasekara Raja	
6 Mins	Trunnionosis – When to suspect? How to Diagnose? How to Manage?	Abhay Elhence	
25 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Ramesh Sen Ravi Kumar Sanjai Kr. Srivastava (Brig.) Amresh Ghai Ronen Roy Narendra Kushwaha Gurinder Bedi	
10:20 – 11:05 am	Hip Session 2 – Safe Removal of Femoral & Acetabular Implants: How to Avoid Intra-operative Fractures during Extraction of Implants	Speakers	Chairpersons / Moderator
6 Mins	Various Instruments and Gadgets available for the Removal of Hip Implants and their Practical Use	Debabrata Padhy	Chairpersons: K T Rajashekhar B D Chatterjee Moderator: Rakesh Rajput
6 Mins	Video Demonstration: Removal of a Well-Cemented Cup	Subhash Jangid	
6 Mins	Removal of Uncemented Acetabular Component: Video Demonstration	Shyam Lakshminarayanan	
6 Mins	Video Demonstration: Removal of a Cemented Stem	Dhanasekara Raja	
6 Mins	Video Demonstration: Removal of an Uncemented Stem	Anil Oommen	
15 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Jatin Talwar Vikash Kapoor Ashwani Maichand Sanjeev Mahajan B S Murthy Naval Bhatia	

11:10am – 12:02 pm	Hip Session 3 – Diving Deep into PJI (The Unforgiving Enemy)	Speakers	Chairpersons / Moderator	
6 Mins	Seven evidence-based proven effective measures to prevent PJI	Bharat Mody	Chairpersons: Rajeev Kr. Sharma Unmesh Mahajan	
8 Mins	How to Identify PJI of the Hip (Clinical and Radiological parameters)? Which Diagnostic Criteria is most useful?	Mahesh Kulkarni		
6 Mins	DAIR Procedure for Hip: Is it useful? How to do it effectively – What are the outcomes?	S S Mohanty		
6 Mins	Antibiotic Spacers: (Articulating vs Non-Articulating) & Local Antibiotic Delivery Systems – Which one to use when?	Simon Thomas		
6 Mins	Video Demonstration: Cement Spacers Preparation	S S Mohanty		
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Narendra Vaidya Krishna Kiran Uttam Kr. Garg Nitesh Gehlot Naveen Sharma Vinod Pagrani Atul Malhotra	Moderator: S S Mohanty	
5 Mins	Case 1	Ajay Rajput		
12:05 – 1:00 pm	Hip Session 4 – Recurrent Dislocation in THR	Speakers	Chairpersons / Moderator	
10 Mins	Evaluation of Recurrent Dislocation of the Hip and Its Management.	Chatar Goyal	Chairpersons: Vijay C Bose Bharat Mody	
8 Mins	Dual Mobility Cup and its types – Why it is a Preferred Option in Revisions and what are the Results?	Rakesh Rajput		
6 Mins	Complications of Dual Mobility and Precautions in its use.	Vineet Tyagi		
8 Mins	Pearls of wisdom: Reconstruction options for Abductor Deficiency / Complete Loss of Abductors and Practical Approach in Revision Total Hip Arthroplasty – What are the results?	Rajkumar Natesan		
6 Mins	Single Component Exchange for Unstable Hip	Anoop Jhurani		
30 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelist: Ramneek Mahajan Dhanasekara Raja Vijayamohan Havind Tandon Rohan Krishnan D P Sharma Amit Mishra		Moderator: Anil Oommen
5 Mins	Case 1	Santhosh Kumar		
5 Mins	Case 2	Sanjeev Kumar		
5 Mins	Case 3	Devarshi Rastogi		
1:10 – 1:30 pm	Hip Session 5.1 – Panel Discussion: Qualities of a Revision Surgeon			
20 Mins	Panel Discussion	Panelist: Alessandro Lelli Nimrod Snir Vijay C Bose Krishna Kiran Rajeev Kr. Sharma	Moderator: Anoop Jhurani	

Running Lunch - 12:30 – 3:30 pm

2:00 – 3:10 pm	Hip Session 5.2: Femoral Reconstruction in Revision Hip Arthroplasty	Speakers	Chairpersons / Moderator
Keynote lecture 15 Mins	Evaluating femur for Revision – Categorising the bone loss to guide stem selection for femoral reconstruction – (How do I choose- Cemented vs cementless / Modular vs Monoblock stem / Extensively porous – coated stems) with radiological examples	S S Mohanty	Chairpersons: Mahesh Kulkarni Krishna Kiran Moderator: Dhanasekara Raja
8 Mins	Distal Loading Stem In Revision Hip : Reclaim Monoblock tapered stem	Nimrod Snir	
6 Mins	Revision of Bipolar to THR : Tips & Pearls	Uttam Kr. Garg	
6 Mins	Use of Revision stem in failed proximal femoral fractures	Rakesh Rajput	
6 Mins	Quick fix bailout option for complex problem : Cement in cement for revision femoral stem. An option still underutilized : The technique and what are the long term results	Ramesh Sen	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Hemant Wakankar A S Prasad Chatar Goyal Shivkumar Santpure Manish Dhankar Saurav Shukla Manoj Sharma	
5 Mins	Case 1	Riddhivardhan Chordia	
3:10 – 4:15 pm	Hip Session 6 – Concept of types of bone loss in acetabulum	Speakers	Chairpersons / Moderator
5 Mins	Opening Remark	Anil Arora	Chairpersons: Ramesh Sen Nimrod Snir Moderator: Rajeev Kr. Sharma
8 Mins	Video Demonstration : How to safely expose the acetabulum in an extensile manner for acetabular reconstruction spacer / augments / cup / cage – Video	Mahesh Kulkarni	
6 Mins	Getting the femur out of way for better extensile exposure of acetabulum for revision procedures	Krishna Kiran	
10 Mins	Video Demonstration : The Adelaide Approach for Revision THA – Protecting the Superior Gluteal NV Bundle	Neil P Sheth	
6 Mins	Paproski classification : How to identify type 2 bone loss. Radiological features with examples - How to identify with x-rays and CT scan	Mahesh Kulkarni	
6 Mins	Paproski classification : How to identify type 3A & 3B bone loss. Radiological features with examples - How to identify with x-rays and CT scan	Vijay C Bose	
6 Mins	Identification of subtle Pelvic Discontinuity in X- ray and CT Scan	Rajeev Kr. Sharma	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelist: Abhay Elhence Bharath Loganathan Vrajesh R Shah Dhiraj Marothi Jain C S Yadav Deepak Mantri Vidyanand Raut	

4:10 – 5: 25 pm	Hip Session 7.1 – Complex Scenario - Acetabular Deficiency & Reconstruction	Speakers	Chairpersons / Moderator
6 Mins	How to reconstruct Acetabulum – options for Paproski Type 2 bone loss in acetabulum with radiological examples	Mahesh Kulkarni	Chairpersons: Dhanasekara Raja Anil Oomen Moderator: Krishna Kiran
6 Mins	How to reconstruct Acetabulum – options for Paproski type 3A and 3B bone loss in acetabulum with radiological examples.	Vijay C Bose	
8 Mins	Video Demonstration : How to use Augment Optimally	Vijay C Bose	
6 Mins	Off-the-shelf bone grafts and bone graft substitutes available in India for Revision Arthroplasty and their usage	Abhay Elhence	
6 Mins	Understanding “Cup Cage constructs” and its practical use in acetabular deficiency: The Indian Scenario	Dhanasekara Raja	
8 Mins	Management of pelvic discontinuity – various option and my preferred technique: Catching the bull with horns	Neil P Sheth	
8 Mins	Practical tips for your practice: How to place a superior pubic and ischial screw for the longevity of the construct	Krishna Kiran	
6 Mins	Jumbo cup techniques – its use in complex cases	Rajkumar Natesan	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelist: Unmesh Mahajan Subhash Jangid Mahesh Kulkarni Vaibhav Bagaria Rajneesh Garg Chandrasekar Chikkamuniyappa Sansar Sharma	
5 Mins	Case 1	Firoz Ahmed	
5 Mins	Case 2	Nitesh Gehlot	
5: 25 – 6:17 pm	Hip Session 7.2 – Highly Complex Scenario - Acetabular Deficiency & Reconstruction	Speakers	Chairpersons / Moderator
6 Mins	Types of cages available in India – Do each cage have a specific indication? – Tips to improve its longevity	Rajeev Kr. Sharma	Chairpersons: Rakesh Rajput Neil P Sheth Moderator: Vijay C Bose
6 Mins	Video Demonstration : Impaction Bone grafting Acetabulum : Building the bone stock	Nishikant Kumar	
6 Mins	Application of 3D Printed Cup	Ramesh Sen	
8 Mins	Video Demonstration : Custom Augment and Cup in Revision	Krishna Kiran	
6 Mins	Cementing a cup into any shell - A get-out-of-jail card	Chatar Goyal	
6 Mins	Revision THA by Direct Anterior Approach	Kartik Patel	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelist: Vikash Kapoor S K S Marya (Brig.) Amresh Ghai Sujit Tripathy B Narendra Reddy Dheeraj Dubey Vinod Pagrani	
5 Mins	Case 1	M Ajith Kumar	

6:20 – 7:06 pm	Hip Session 8 – Periprosthetic fractures around THR	Speakers	Chairpersons / Moderator
6 Mins	Classification of Peri-prosthetic fractures - How it helps in decision making	Ronen Roy	Chairpersons: Lalit Maini Yash Gulati Vivek Trikha Moderator: Vaibhav Bagaria
8 Mins	Periprosthetic fractures around THR – fixation or revision – How to decide?	Yatinder Kharbanda	
6 Mins	Why are they so typical? Basic principles to follow for their fixation for desired outcomes	Tarun Goyal	
6 Mins	Various modalities and principles to fix peri-prosthetic fractures (plates / cables etc.)	Gurinder Bedi	
6 Mins	Handling the unexpected : Intra-operative and Post-operative Acetabular Fractures : How to manage?	Ramesh Sen	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelist: Dhananjay Gupta Vipin Tyagi Biraj Gogoi Ajay Shukla Hemant Sharma Vineet Tyagi Prasoon Kamra	
5 Mins	Case 1	L Tomar	
5 Mins	Case 2	Vishnu Senthil	

Gala Dinner 8:00 pm Onwards

RAC 2025 Scientific Program Day Two : 6th December 2025

Time	Title	Speakers	Chairpersons / Moderator
9:00 – 10:10 am	Knee Session 1: Back to basics	Speakers	Chairpersons / Moderator
10 Mins	Keynote Talk : How do I approach a Painful / Unhappy TKR	SKS Marya	Chairpersons: Ronen Roy Ashok Rajgopal Moderator: Rajesh Maniar
8 Mins	10 common avoidable mistakes in primary TKR, Pre-disposing to revision, which can be avoided	Hemant Wakankar	
10 Mins	How do I plan my revision TKR	Bharat Mody	
10 Mins	Pearls of wisdom – Lessons I learnt from my own mistakes in TKA – My own Personal Experience	Alessandro Lelli	
30 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Ashit Shah Adit Maniar Anoop Khare Amite Pankaj Yash Gulati Saurav Shukla Ankur Singhal	
10:10 – 11:20 am (70 Mins)	Knee Session 2: Exposure and Implant Removal	Speakers	Chairpersons / Moderator
6 Mins	Planning Skin incision in presence of previous scar/ incision	Amit Jaiswal	Chairpersons: Debabrata Padhy Unmesh Mahajan Moderator: Narendra Vaidya
6 Mins	Video Demonstration: Step-wise Basic Surgical Exposure for Revision Total Knee Arthroplasty`	Rakesh Rajput	
6 Mins	Video Demonstration : Quadriceps Snip / Extensile approach in Revision TKR	Ashit Shah	
6 Mins	Video Demonstration : V-Y Plasty in Revision Knee	J V Srinivas	
6 Mins	Video Demonstration : Tibial Tubercle Osteotomy	M Ajith Kumar	
8 Mins	Video Demonstration : Removal of Femoral, Tibial and Patellar Component	Manuj Wadhwa	
6 Mins	Video Demonstration : Removal of Stem in Revision TKA	Rajkumar Natesan	
6 Mins	Video Demonstration : Removal of Sleeves in Revision TKA	Krishna Kiran	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: R B Kalia K T Rajshekhar Mohit Arora Udai Prakash Narendra Parmar Arumugam S L Tomar Dhiraj Marothi Jain	
11:20 – 11:50	Mrinal Memorial Oration	Speakers	Chairpersons
5 Mins	Introduction	Anil Arora	Chairpersons: Ashok Rajgopal Rakesh Rajput
20 Mins	Oration : Innovation in Arthroplasty from India : The need of the hour	Vijay C Bose	

11:50 am – 01:00 pm (70 Mins)	Knee Session 3.1: Marathon Session on PJI-1: Diagnostics, Decoding Culture report, DAIR A mind-boggling problem faced by arthroplasty surgeons	Speakers	Chairpersons / Moderator
12 Mins	Diagnosing PJI – Clinical/ Radiological/ Pathological – Laboratory. Which criterion (MSIS / EBJS / ICM) is most useful / Practical? The current status of modern laboratory tests (Biofire, NGS, Synovial Fluid Biomarkers) – Are they really useful in clinical practice.	Mahesh Kulkarni	Chairpersons: Neeraj Adkar Hemant Wakankar Moderator: Mahesh Kulkarni
8 Mins	How to choose antibiotics for PJI - Decoding the culture report	Vikas Deswal (IDS)	
6 Mins	DAIR procedure: Strike at the right time – When to do and when not to do – Is it an underutilised or misused procedure – What are the results?	Sharath KR	
6 Mins	Local antibiotics delivery system with various carrier vehicles – Less utilised arsenals.. role of STIMULAN	Rhidian Morgan Jones	
6 Mins	Video Demonstration: How to do DAIR procedure effectively	S S Mohanty	
30 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Rajkumar Natesan C S Yadav Arun Patrani Bharath Loganathan Bhushan Narayani Nirmal K Jajodia Vishwas Sharma H S Gill	
Running Lunch – 12:30 – 3:30 pm			
01:00 – 2:35 pm	PJI 3.2: Therapeutics- “The Great debate”: One stage vs Two-stage Revision TKR for PJI	Speakers	Chairpersons / Moderator
15 Mins	Indications/ Contra-indications and Current Evidence : Single Stage How to do it effectively One-stage Revision TKR (Technique: Tips and tricks)	Jatin Maheshwari	Referee: S K S Marya Chairpersons: Vijay C Bose Anoop Jhurani Moderator: Bharat Mody
8 Mins	Don't underestimate the Single stage Revision. The single stage is as effective as two stage – My experience of last two decades	Narender Vaidya	
6 Mins	Cement spacers for PJI Knee	B D Chatterjee	
6 Mins	Two-stage is still gold standard – Current status and evidence	Rajeev Kr. Sharma	
10 Mins	How to do Two-stage Revision TKR effectively? The standard protocol : Variables affecting decision making	Hemant Wakankar	
5 Mins	Expert comments by Referee – One Stage Vs Two Stage	S K S Marya	
6 Mins	Unusual infections (Fungal/ Tubercular/ NTM)	Dimple Parekh	
6 Mins	The therapeutic dilemma: duration and type (IV vs oral) of Anti-biotics in PJI. What literature has to guide us and my protocol	Bharat Mody	
6 Mins	A saga of multiple revisions and 20 years of revision in a single patient, an ode to the Fight and Fighter (The brave patient and the brave surgeon)	Vikash Kapoor	
30 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: A S Prasad Anil Oomen Sanjai Kr. Srivastava Santhosh Kumar Deepak Saini Abhishek Choudhary Gurpreet Goyal	
5 Mins	Case 1	Rohan Singh Parhar	

2:35 – 3:55 pm	Knee Session 4: Principles of reconstruction for longevity and better function in Revision TKR	Speakers	Chairpersons / Moderator
8 Mins	The Step-by-Step Sequential Reconstruction in Revision Knee Arthroplasty TKA: A Practical Approach	Ashok Rajgopal	Chairpersons: Rajeev Kr. Sharma Manuj Wadhwa Moderators: Hemant Wakankar
6 Mins	Alignment and Rotation in Revision TKR	Ronen Roy	
6 Mins	The Importance & Methods to restore joint line in Revision Knee Arthroplasty: Going beyond Millimetres and Centimetres in reference to bony points	SKS Marya	
10 Mins	Zonal Fixation: Modern Reconstruction in Revision TKR	Ashok Rajgopal	
10 Mins	Role of rotating platform in Revision Total Knee Arthroplasty: My experience of more than two decades	Rajesh Maniar	
10 Mins	Live in-box surgery - PCK knee Revision System	C S Yadav	
30 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panellists: Ronen Roy Dimple Parekh Sanjeev Gupta Manoj Hirani Vijay Jain Jayant Arora Prasoon Kamra K D Tripathy	
4:00 – 5:00 pm	Legend in focus: The Pioneer behind Revision Arthroplasty	Speakers	Chairpersons / Moderator
30 Mins	What does Revision THR hold for the future	Wayne Paprosky	Chairperson: Vijay C Bose Neil P Sheth Moderator: Rakesh Rajput
30 Mins	Distraction for chronic Pelvic Discontinuity	Wayne Paprosky	
	Q & A and Discussion with Speaker		
5:00 – 6:12 pm	Knee Session 5: Advanced Reconstruction techniques in Revision TKR	Speakers	Chairpersons / Moderator
10 Mins	Classification of femoral and tibial bone loss with radiological examples – How to identify different types? Surgical options for each type of Bone Loss around knee in a Revision TKR	Vaibhav Bagaria	Chairpersons: Alessandro Lelli A S Prasad Moderator: Krishna Kiran
8 Mins	Types of Stems in tibia and femur. How do I decide the optimal dimensions of the stem (Diameter and length) – which stem to use, when?	Anoop Jhurani	
6 Mins	Augments for RTKA – How to use them effectively?	Unmesh Mahajan	
6 Mins	How to use sleeves in metaphyseal defects - Rationale, theoretical considerations and long-term results?	Neeraj Adkar	
8 Mins	Video demonstration of Sleeves application in femur and Tibia	Rajesh Maniar	
6 Mins	How to use Cones in metaphyseal defects - Rationale, theoretical considerations and long-term results?	Ashok Rajgopal	
6 Mins	Video demonstration of Cone(s) application	Ramneek Mahajan	
6 Mins	Are sleeves and cones interchangeable or do they have different indications? How do they differ from each other?	C S Yadav	
6 Mins	How do I decide level of constraints in RTKA?	Ashit Shah	
6 Mins	Help me choose an optimum hinge knee - Types of hinges available in the Indian market and their Characteristics	Manuj Wadhwa	
8 Mins	(Live Inbox Surgery) : Hinged knee in Revision TKA	Manuj Wadhwa	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelist: Rajkumar Natesan R K Singh Mudit Khanna Sandeep Kapoor Pankaj Walecha IPS Oberoi Roshan Wade Rohan Singh Parhar	
5 Mins	Case 1	Amit Jaiswal	

6:15 pm – 7:00 pm	Knee Session 6: Robotics and Revision Arthroplasty	Speakers	Chairpersons / Moderator
8 Mins each (16 Mins)	The Great Debate: Robotic Total Knee Arthroplasty: An empire built to last. Robotics will reduce the Revision rate in the future	No, I strongly disagree – Bharat Mody Oh Yes !! Why not ? - Narendra Vaidya	Chairpersons: Unmesh Mahajan Rakesh Rajput Moderator: Anoop Jhurani
6 Mins	Robotics in Revision TKR	Vaibhav Bagaria	
6 Mins	Robotics in Revision THR	Adarsh Annapareddy	
15 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Dhanasekar Raja Apurv Mehra Sujoy Bhattacharjee Shekhar Srivastava Lalit Modi Vivek Logani Nikunj Aggarwal Dilbans Singh Pandher	

RAC 2025 Scientific Program Day Three : 7th December 2025

DAA Session

9:00 – 10:20 am	Knee Session 7 : Complex Case Scenario	Speakers	Chairpersons / Moderator
8 Mins	Revision TKR for stiff knee – Surgical Road Map to success	Alessandro Lelli	Chairpersons: S S Mohanty Ashit Shah Moderator: Neeraj Adkar
6 Mins	The unhappy knee - How to identify subtle flexion instability and its management	Hemant Wakankar	
6 Mins	Secondary patellar resurfacing in painful TKR – When to do and when not to do?	Adit Maniar	
8 Mins	Revision of UKA to TKA – Tips and Pearls	Ashit Shah	
8 Mins	Revising the failed Uni with Imageless Robotic System (Velys TKA)	Nimrod Snir	
6 Mins	Managing Extensor Mechanism Deficiency in Revision Knee Arthroplasty: Options, Tips, and Pearls	Alessandro Lelli	
6 Mins	Managing patellar tendon disruption following TKA – bailing out of unusual complications	Ashok Rajgopal	
6 Mins	Conservative Approach in Revision Knee Arthroplasty	Sujoy Bhattacharjee	
5 Mins	Closure Technique	Bharat Bahre	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelists: Subhash Jangid Tarandeep Singh Gill Anupam Srivastava Sanjay Gupta Ishwar Bohra Akhilesh Yadav Ashish Singhal	
5 Mins	Case 1	Rohan Singh Parhar	
10:20 – 11:10 am	Knee Session 8 : Peri-prosthetic fractures	Speakers	Chairpersons / Moderator
12 Mins	Periprosthetic fractures around knee – Classification with radiological examples: How to identify each type? Various surgical Options for Periprosthetic fractures around knee. Which one to use when? What Are the long-term results for each fixation modalities (single / dual plating/ nail plate combination/nailing only)?	Debabrata Padhy	Chairpersons: Sharath K R Rajesh Maniar Moderator: Ashit Shah
5 Mins	Periprosthetic fracture with hidden instability ... test it before it tests you!	Vikash Kapoor	
6 Mins	Technical Tips for plating- periprosthetic fractures around knee. Principles to be followed to obtain desired outcomes. When to use Dual Plating? A trauma expert advice	Vipin Tyagi	
6 Mins	Nailing for periprosthetic femoral fracture: Technical Tips	Nishikant Kumar	
20 Mins	Q & A on the above topics and Panel Discussion with Speakers and Panelists + Case Presentation	Panelist: Yatinder Kharbanda R A Saini Gagandeep S Sachdeva Ashish Jaiman Mujahid Salim Abhishek Chaudhary Pritam Agarwal Saurav Shukla	
5 Mins	Case 1	S K S Marya	
Brunch			

RAC 2025 Workshops 7th December 2025

12:00 - 04:00 PM	Workshops
Workshop 1	Meril
Workshop 2	Johnson & Johnson
Workshop 3	Bioradmedisys
High tea after workshops	

RAC 2025 Workshops 7th December 2025

Workshop 1 - Meril

Time	Topic	Speakers	Moderator
Session - 1			
12:00 – 12:05 PM	Opening Remarks & Workshop Overview: The ReVision 360° Perspective		Dr BS Murthy Dr CS Yadav Dr Sanjai Srivastav Dr Alessandro Lelli
12:05 – 12:15 PM	Why Do Implants Fail? Understanding the Root Before the Fix	Dr Alessandro Lelli	
12:15 – 12:25 PM	Managing Bone Loss: Cones, Sleeves & Augments – What Works Best?	Dr Narender Reddy	
12:25 – 12:35 PM	Implant Removal Techniques — Tools That Changed the Game	Dr Prasoon Kamra	
12:35 – 12:45 PM	Constraint Ladder: How Far Should You Climb?	Dr Simon Thomas	
12:45 - 12:55 PM	Infection in Revision TKA: One-Stage vs Two-Stage Approach — Making the Right Call	Dr Sandeep Singh	
Session - 2			
12:55 - 01:10 PM	Quick Fire : From Failure to Function - (3 Revision TKR Cases per presenter)	Dr Vijay Mohan Dr Pritam Aggarwal Dr Deepak Saini	Dr Alessandro Lelli Dr Narender Reddy Dr CS Yadav
Session - 3			
01:10 – 01:20 PM	Acetabular Bone Loss- Reconstruction Strategies	Dr Ashwani Maichand	Dr Vinay Tantuway Dr Vijaya Mohan Dr Narendra Vaidya Dr Ashwani Maichand
01:20 – 01:30 PM	Femoral Bone Loss in Revision THA: From Modular to Monoblock — What's Ideal?	Dr Udai Prakash	
01:30 – 01:40 PM	Revision for Periprosthetic Fractures: Reconstruct, Replace or Combine?	Dr Sanjai Srivastav	
01:40 – 01:50 PM	Dual Mobility in Revision THA: Savior or Overused Solution?	Dr Akhil Arora	
01:50 – 02:10 PM	Tech Talk: The Intellijoint - Precision Redefined in Revision THA	Dr Anchit Uppal	
Session - 4			
02:10 – 02:25 PM	Quick Fire: From Complication to Comeback (3 Revision THR cases per presenter)	Dr Vinay Tantuway Dr Simon Thomas	Dr Udai Prakash Dr Narendra Vaidya Dr Ashwani Maichand Dr B S Murthy
02:25 – 02:35 PM	Q&A		
02:35 – 03:55 PM	Saw bone demonstration - Revision portfolio (Knee & Hip)	Sawbone Instructor : Dr Anchit Uppal Dr Akhil Arora	
03:55 – 04:00 PM	Closing Remarks		

RAC 2025 Workshops 7th December 2025

Workshop 2 - Johnson & Johnson

Time	Topic	Speakers
12:00 - 12:10 pm	Introduction	Dr(Prof.) Anil Arora
12:10 - 02:20 pm	Session 1	
12:10 - 12:25 pm	Use of S-Rom Modular Stem in high riding Hips (dysplastic Hip)	Dr R B Kalia
12:25 - 12:40 pm	Role of distal fitting monobloc stem in complex and revision cases(paprosky 1-3A)	Dr Nimrod Snir
12:40 - 12:55 pm	Monblock Vs Modular distal loading stem-when to choose what	Dr Pankaj Walecha
12:55 - 01:25 pm	Design Rationale for Reclaim Monoblock Stem	Dr Kartik Patel
01:25 - 01:40 pm	Saw Bone Demonstration(S-Rom Stem)	Dr Vijay Kumar
01:40 - 02:10 pm	Saw Bone Demonstration(Reclaim Monoblock Stems)	Dr Pankaj Walecha
02:10 - 02:20 pm	Q&A	All Faculty
02:20 - 04:00 pm	Session 2	
02:20 - 02:35 pm	Design Principles & Advantages of Sleeves: Surgical Approach	Dr Rajesh Maniar
02:35 - 02:50 pm	Case Presentation (Sleeves)	Dr Adit Maniar
02:50 - 03:05 pm	Attune in complex cases-Attune Stemmable Tibia	Dr Ankur Singhal
03:05 - 03:20 pm	Using Sleeves without Extension Rods	Dr Vikas Kapoor
03:20 - 03:50 pm	Saw Bone Demonstration(TC3 femur with MBT Revision Tray, MBT Femoral & Tibial Sleeves)	Dr R B Kalia
03:50 - 04:00 pm	Q&A	All Faculty
04:00 - 04:10 pm	Closing Remark	Dr(Prof.) Anil Arora

SAWBONE REVISION WORKSHOP

by

DR. UTTAM GARG

Title	Time
Tips & Tricks of Revision Arthroplasty	12:00 - 12:30
Design Rationale - Evocon & Rotacon	12:30 - 13:00
How & When - Evocon & Rotacon	13:00 - 14:00
Sawbone Workshop - Evocon & Rotacon	14:00 - 16:00
